REMARKS/ARGUMENTS

1.) Examiner Objections

The Examiner objected to certain paragraphs of the specification for various informalities, and suggested changes to certain claims to improve the form of the claims in a non-limiting manner. In accordance with the Examiner's suggestions, the Applicant has amended the specification and claims.

The Examiner also asked, with respect to the paragraphs at page 8, line 10 and page 10, line 14, whether the term "sprung" should be "spring." The term "sprung" is the correct technical term and, therefore, the Applicant has not so amended those paragraphs.

2.) Allowable Subject Matter

The Applicant thanks the Examiner for the indication that Claims 1, 5-7 and 9-17 are allowable.

CONCLUSION
